TITLE OF CANDIDATE'S RESEARCH PROJECT

MENTORING OF CANDIDATE AT THE INDUSTRY HOST SITE

Describe the candidate's role and the mentoring and resources available at the industry host site.

DISTINCTIVENESS OF THE BMP INNOVATION SCHOLARSHIP

- 1) The BMP Innovation scholarship holder is not a trainee or intern, but a research student. The scholarship holder must spend his or her time on thesis-related research on the organization's premises.
- 2) The industry supervisor cannot oblige the scholarship holder to work on other projects or carry out other tasks for the company, either with or without payment.
- 3) The industry supervisor cannot oblige the scholarship holder to spend ~100% of his or her research time at the host organization. Similarly, the industry supervisor cannot agree to an offer where the scholarship holder spends less than the majority of his or her time carrying out thesis-related research activities at the host organization.
